THE UPPER VILLAGE SCHOOL - BUILT 1889

South Hampton, New Hampshire

University of New Hampshire Library

The Upper Village School was built in 1889 at a cost of \$721.52.

The school was used until about 1916. It was closed for the winter term and the children were transported to the Barnard School. It was still used for the Spring and Fall terms until 1919. At that time there were three schools, one at the Peak, the Barnard School and the Upper Village School. After 1919 two schools were closed and all the children were transported to the Barnard School.

The dining room had been the lower floor of the Barnard School for many years. As the school needed the space the Upper Village School was moved and added to the Town Hall for a dining Hall in 1929.

TOTAL NUMBER OF BOOKS ADDED IN 1977 202

Due to a cut back in State budget, the Bookmobile only visited us twice this year, leaving a total on 490 books on loan. At the request of patrons, 23 books were borrowed directly from the N.H. State Library. This year the library started circulating paperback books on a borrow or swap system. Many paperbacks were received by donation and the system is very popular. We are in the Statewide Library Card System and a total of 48 people in town now hold statewide cards. We, again, in 1977, received recognition from the State Library Development Program.

SOUTH HAMPTON LIBRARY TRUSTEES REPORT For Year Ending 1977

Many thanks to the Friends of the Library for their continued support in improving the appearance of the Library. Our hallway has been painted and we have a runner to protect the newly finished floor. The librarian and Board agreed to increase the insurance to better protect our investment.

Walter Ross attended the New Hampshire Library Association meeting in October, censorship being the issue.

The Atkinson Library hosted another meeting on censorship November 10. Mrs. McCarthy and Mrs. Merrill attended. Censorship has become a major problem in all libraries, making it difficult to wisely choose adult fiction.

In contrast, in November, Mrs. Coffin and Mrs. Merrill attended a childrens' book review in Exeter, finding many delightful childrens' books available.

We would like to encourage new residents to visit our library. though small, it has an excellent selection of new and old books.

A total of 5 oil burner permits were completed this year.

Again, as last year, we were able to help Amesbury with our portable pumper when they had trouble with their pumping station. We turned over \$800.00 to the selectmen of our town, which the town of Amesbury paid for the use of the portable pump

As in past years, the men in our department have attended fire schools in Laconia and in Keene, N.H. Each man has completed many hours in training.

This year we had one major fire in town, which was at the Charles Currier residence. It was a barn that was fully involved when the fire fighting apparatus arrived. Several towns, which were called in under mutual aid, deserve a special thanks.

SOUTH HAMPTON TOWN REPORT

The new fire truck was put into service as of June of this year. Everyone should check their insurance policy and make sure that they are receiving a Class "E" rating. This change in the rating, from "F" to "E", means a decrease in the price of your policy.

As you know, we have changed our fire phone number to 388-1616-Amesbury Fire Department, as they are now acting as our dispatch center. The same number is also to be used for any ambulance calls. If you do not have the new fire phone stickers, please contact the Fire Chief at 394-7590.

BRIEF RESUME OF WORK DONE THIS PAST YEAR

All roads were patched throughout the year, some brush was cut on all roads, a lot more has to be taken care of this year. Grader was hired to cut a few ditches, to take care of water run of. also ditches were cleaned out on most of our roads and more to be done this year to keep water off of roads. This past year we tarred part of Whitehall Road, part of Hilldale, part of Locust all of Stagecoach part of Old 150, Part of Woodman road, part of Highland St. All off our roads have to be looked after every year and taken care of.

SOUTH HAMPTON TOWN REPORT

We need a culvert on Whitehall Road near Miller residence, also have a bad water condition near Bank's residence, Lone Goose Road needs work done to bring it back in shape, Guard rails on old 150 need to be put back in shape, other side of this road is in bad shape, we have tried to keep it open, [but this road should be closed, no houses on it in our town]. This year brush has to be taken care of on all our roads, also a lot of tarring has to be done if we want to hold our roads together, highway Subsidy monies and new gas tax monies, could be used here if not used on Stockmans Bridge, so again we are asking for the sum of \$10,000.00 for Summer Maintenance.

REPORT OF THE PLANNING BOARD

The Planning Board meets the first Tuesday of each month, with the exception of July and August, in the Selectmen's office at Town Hall.

The Planning Board has met regularly and has held many work sessions. We are proposing several amendments to the Zoning Ordinances to be voted on at Town Meeting. These amendments have resulted from input at the Public Hearing, recommendations from the Selectmen, and with advice from Southeastern N.H. Regional Planning Commission, of which we are a member.

Zoning is becoming more important and more problematic each year. We appreciate and welcome the concerns and support of the Townspeople.

REPORT OF THE CONSERVATION COMMISSION

The South Hampton Conservation Commission was adopted at the town meeting in 1966. The commission has been given authority to promote conservation of our natural resources by the State Conservation Commission Enabling Act. The duty of a conservation Commission is to promote the preservation of our natural resources by the advocacy of wise land and water use.

The commission has had occasion, in the past year, to investigate several areas in town, in order to ascertain whether alleged violations of the Wetlands Conservation District had occurred. The Wetlands Conservation District was established at town meeting in 1973 and is a part of South Hampton's Zoning Ordinance.

South Hampton is constantly growing, and with increased growth there comes and increased demand upon our water resources. To assure an ample supply of water, not only now but for the future as well, every measure must be taken to promote wise land and water use.

We express our thanks for your support and confidence in our endeavors to promote conservation of the natural resources of our town.

SOUTH HAMPTON SCHOOL DISTRICT

Letter of Transmittal

**Members of the School Board
South Hampton School District
South Hampton, New Hampshire 01913**

Gentlemen:

We have examined the books and records of the South Hampton School District for the fiscal year ended June 30, 1977 and have prepared the attached exhibits in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire. Included in the examination and audit were the accounts and records of the School Board, School District Treasurer, and School Milk Program.

FINANCIAL INFORMATION

General Fund

Comparative Balance Sheet	Exhibit A-1
Statement of Change in Fund Balance	Exhibit A-2
Statement of Appropriations and Expenditures	Exhibit A-3
Statement of Estimated and Actual Revenue and Budget Summary	Exhibit A-4

A Comparative balance sheet disclosing the financial condition of the general fund as of June 30, 1977 and June 30, 1976 is presented in Exhibit A-1. As indicated therein, the School District had a current surplus of \$16,309 at June 30, 1977. An analysis of the Change in the financial condition of the School District during the fiscal year is contained in Exhibit A-2.

Statements of appropriations and expenditures, estimated and actual revenue are included in Exhibits A-3 and A-4, respectively. As indicated by the budget summary, Exhibit A-4, a revenue surplus of \$2,716 plus a net unexpended balance of appropriations of \$13,593, resulted in a budget surplus of \$16,309 in 1976-77.

SOUTH HAMPTON TOWN REPORT

OTHER FUNDS AND OFFICIALS ACCOUNTS CASH BASIS STATEMENTS

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditure of School District funds are presented in accordance with the current requirements of the Municipal Services Division of the State of New Hampshire. The statements reflect the cash receipts and disbursements of each fund, without regard to any accruals of accounts receivable and accounts payable. Our examination of the School Milk Program was limited to reconciling the cash in the bank with the receipts and disbursements as indicated by the treasurer's records.

In our opinion, subject to the limitation of the scope of our examination of the School Milk Program mentioned above, these classified schedules of receipts and disbursements present fairly the revenues collected and expenditures paid by the various funds, arising from cash transactions then ended, on a basis consistent with that of the preceding year.

We extend out thanks to the officials and office staff of the South Hampton School District for their assistance during the course of the audit.

Very truly yours,
PLODZIC AND SANDERSON

SOUTH HAMPTON TOWN REPORT

To the School Board and Citizens of South Hampton:

I submit herewith my annual report for the South Hampton School District. I would like to thank the members of the South Hampton School Board, Mr. Marinos and the staff for all their time and efforts in attempting to comply with the requirements of new state and federal legislation regarding the handicapped. Few people realize the extent of their efforts and the number of decisions that had to be made. For a school district the size of South Hampton, what they did was certainly a remarkable accomplishment.

I have been in touch with the new school superintendent in Amesbury in an effort to coordinate our curriculum offerings at the Barnard School with the requirements of Amesbury High School. Dr. Anderson, the Assistant Superintendent, will be in charge of this effort.

We have continued curriculum development as the major emphasis for the schools in the Supervisory Union. A credo has been developed by a curriculum committee made up of parents and staff members. In addition to the credo a list of educational goals has been developed. They are:

1. Command of basic learning skills
2. General Education
3. Character and self-respect
4. Civic responsibilities
5. Interpersonal relations
6. Exposure to the fine and performing arts
7. Health
8. Career education

In particular the areas of mathematics and reading have been stressed.

Early in the year all staff members were given instruction on the Heimlich maneuver, a process to dislodge objects in the throats of choking victims, and it is planned that all staff members will receive instruction in cardiac pulmonary resuscitation.

SOUTH HAMPTON TOWN REPORT

The new playground has proved to be a valuable asset to the children of South Hampton. I was especially pleased that your Parent-Teacher Association saw fit to add equipment to the playing area.

I have included school memberships for the districts in the Supervisory Union as part of this report. I stated in my report last year that the Barnard School "is a well organized, competently staffed and successful elementary school." My conviction of this has been strengthened during this past year.

In conclusion I would like to extend my thanks to all those involved in the education of the South Hampton youngsters.

Respectfully submitted,
RICHARD C. HAMILTON, Ed.D.
Superintendent of Schools
